## 2010 TECHNIQUES SOCCER CAMP

### Please Read Thoroughly

**Curriculum** - Constant emphasis on ball-work and skills: passing, heading, tackling, goalkeeping, and field play; group and team tactics; set plays; game awareness (thinking); coaching in the games; competitions; lectures; and more... all adding up to America's most complete camp experience. **We break the game down to its simplest parts, check techniques and then build up to small and full-sided situations and games. Curricula are available at each camp, daily. Each level of camp will have a curriculum. All curricula are flexible, adaptable to the players abilities**

**We believe** - in setting good examples in an organized, nurturing, dedicated, enjoyable and safe environment. We allow campers to work to their level. **Our campers are fully supervised.**

**Campers Receive** - Camp T-Shirt, structured curriculum, evaluation sheet (Not 4 & 5 year olds), certificate, first aid, soccer knowledge, enjoyable environment.

**Campers Provide** - **Ball per camper, shin guards, tuition balance (if necessary), ample supply of water, lunch (9-5 camps only), Snacks (optional but recommended), medicines, soccer clothes (T-shirt, shorts, socks; cleats, tennis shoes), good attitude.**

**Rainouts** - Will be made up during the week of camp, or on the Saturday immediately following week of camp, BUT ONLY if two days of camp are lost.

**Health Precautions** - Each camper must bring to camp and carry around with them - to all camp activities - his/her water container. Campers are encouraged to take drinks whenever required and to tell their coaches if they feel dizzy or otherwise sick. **Please advise us, in the application form, of any special health limitations your child has.** We supervise our campers closely... your children are very important to us!

**Visitors/Family Day** - The last day of each camp (Thursday or Friday) is reserved for visitors (parents/guardians, family members, coaches). Visitors can observe our competitions and games, and attend our final ceremonies. At the end of each day's camp activities, visitors can consult with the coaches about individual players, groups or teams. While the last day of camp is specially reserved for them, visitors can observe camp activities at any time.

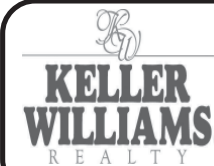

**We Thoroughly** - Screen, train and supervise our staff. T.S.C. coaches work from a prepared schedule, specifically designed for each camp level.
